Re: Atlantic Compact Commission / Chem-Nuclear
Docket No. 2000-366-A
Our File No. 01196-0001

Dear Mr. Walsh:

This firm represents the Atlantic Compact Commission in the Chem-Nuclear Allowable Cost docket. The Compact Commission has reviewed the stipulation and joint statement dated November 27, 2002 and submitted by Chem-Nuclear and the South Carolina Budget and Control Board. The stipulation and joint statement address the question of how to treat the Operation and Efficiency Plan which was prepared in response to PSC Order No. 2001-499. By the stipulation and joint statement Chem-Nuclear and the Budget and Control Board have made a recommendation as to how issues raised by the Operations and Efficiency Plan should be addressed. The Compact Commission agrees with and fully supports those recommendations and asks that the Public Service Commission follow the recommendations outlined in the stipulation and joint statement.

Please give me a call if there are any questions about this letter.

Very truly yours,

ROBINSON, McFADDEN & MOORE, P.C.
